LOCAL PLAYERS MAKE BIG HIT

Gibson Family Reunion with Numerous Pretty Choruses and Many Funny Situations Captivates Big Audience.

With pretty costumes, pretty songs, pretty girls and good looking boys "The Gibson Family Reunion" produced by one hundred local people on Thursday evening with beautiful stage effects proved one of the best home talent entertainments ever given in Gettysburg. An audience of almost seven hundred people enjoyed the evening which was given for the benefit of the Gettysburg Young Men's Christian Association.

While the play itself amused the big house the chorus numbers were delightful. The costumes were the prettiest ever seen in a local production; the music was most tuneful and the work of the many choruses kept the people busy applauding throughout the entire second act. The evening closed with a brilliantly illuminated scene which excelled in beauty anything of the kind which has ever been attempted in a Gettysburg home talent play.

As a sort of curtain raiser fifty little girls, all wearing dainty white dresses with crimson hair ribbons sang "The Boogie Bo" to the delight of the audience. A score of little boys in blue overalls sang "Playing Hooky" and brought down the house with a game of leap frog. Gladys Raymond led "Yip-I-Addy-I-Ay" with a chorus of eighteen other girls dressed in white with red aprons and red caps. These three opening numbers put the big crowd in a humor for the remainder of the show and the evening could scarcely have had a better opening.

The first act of The Gibson Family Reunion opened with the Gibson family and servants preparing for the reunion. Miss Maud Miller, as Mrs. Gibson, had one of the most important parts in the cast and filled it to the entire satisfaction of all. Mr. Durbin Ott, the henpecked husband was excellent. George Hartman as the Duke of Waterbury, looked and acted the part acceptably.

The entire play was a comedy and the principal comedy parts were taken by Miss Anna Manges, a former Gettysburgian who trained the cast and choruses; and Max Lowman of Green castle. Miss Manges as "Molly Kelly" the Irish maid and Mr. Lowman as "Billy O'Lee" a son of the Emerald Isle were big favorites and made one of the many big hits of the evening. Mr. Lowman's solo "Gee but there's Claws to a Girl like You" took decidedly well.

Other parts taken acceptably were Miss Phyllis Gibson, Miss Ruth Buehler; Miss Caroline Gibson, Miss Jeanne Sieber; Tel Lorraine, Maurice Baker; Hans Ernest Ziegler; Miss Reynolds; Miss Margerite Weaver; Col. Gibson, Calvin Hartman; the Country Cousin; Miss Lillie Doughty.

The first act closed with the male chorus led by Calvin Hartman "What's the Matter with Gibson," and the second act opened to the pretty strains of "Bright Eyes," Mrs. R. E. Zinn singing the verses. With a chorus of eight attractive girls in cowboy costume Miss Lollie Spangler sang in her usual fetching way "Texas," the number being given in true Western style.

"Military Mary Ann" by eight girls in dairy maid's garb and eight boys in uniform proved another attractive feature, the tuneful song being well given while the drills also took well.

"The Automobile Chorus" was one of the best musical numbers of the evening six young ladies in khaki auto coats forming the automobile, parlors the wheels, while lamps, auto horn and other accessories were not missing. The "machine" moved about the stage to the pretty song by Mrs. Zinn with the chorus by the six young ladies and Maurice Baker, the chauffeur. The light effects were good and all through, the number proved one of the most novel which has been given here.

With a chorus of good looking girls in pretty Japanese costume Miss Helen Rupp sang the well known "Japanese Love Song." Pretty light effects added much to this number. "I Want a Gibson Man" by eight girls in white gowns and big pink bonnets with eight men appropriately dressed formed another of the numbers which kept the audience clapping. Mrs. Roy Zinn was the soloist. Mrs. Pauline Rudisill led the "Little Miss Up-to-Date" chorus in which the same number participated, the girls all wearing large picture hats and opera cloaks.

The "See Saw" was the crowning feature of the entire evening. The entire "company" was on the stage and four large seesaws trimmed with trailing pine and crimson electric light bulbs moved up and down carrying eight pretty girls while Calvin

COUNTY'S OLDEST RESIDENT DIES

Littlestown Woman Dies Two Days after Passing her Ninety Sixth Milestone. Remembered Visit of Lafayette and Other Events.

Mrs. Cassandra Barker, the oldest citizen of Adams County, died at her home in Littlestown Tuesday. She celebrated her 96th birthday on Sunday.

Mrs. Barker was a remarkable lady and possessed all her faculties until the end came. She talked frequently, with clearness, about events which occurred 85 and 90 years ago.

She was born in 1814, on a farm near Seven Valleys, eight miles south of York, and was the daughter of Daniel Diehl, who owned a large farm and tannery near Ziegler's church, North Cedarus township. In 1833, seventy seven years ago, she was married to Joseph Barker, who died 30 years ago. In 1820, ninety years ago, she entered a parochial school near her home, where she acquired her education during the succeeding eight years.

Mrs. Barker had a wonderful memory, and often recalled the visit of General Lafayette to York in 1825. He passed up the turnpike from Baltimore to York in a stage on his way to Harrisburg. At that time there were soldiers in York County who had fought under the French General invited to visit this country as the "Guest of the Nation." Most of the Revolutionary soldiers then living went to York to see Lafayette, and he held a reception at the Globe Inn, which stood near the present site of the Colonial, in Centre Square.

At the time of her birth James Madison, the fourth president of the United States, was serving his second term, and she lived while twenty two presidents were inaugurated.

Joseph Parker, her husband, built the Parker house at Littlestown in 1848, and for a period of 20 years conducted it as a first class hotel.

She is survived by two sons—Albert F. Parker, of Hanover, and Charles B. Parker, of Littlestown; and four daughters—Mrs. George Yount and Mrs. J. H. Miller, of Littlestown; Mrs. William T. Howard, of Haddonfield, N. J., and Mrs. Charles T. Kump, of Hanover. She is also survived by 16 grand-children and 16 great-grandchildren.

Funeral today at 11 a. m. Services at the house. Interment in Mt. Carmel cemetery, Littlestown.

GOT THREE DEER

The Bendersville Gun Club on Thursday got their third buck and wounded a fourth. The first two bucks killed each carried eight prongs, the one weighing 185 and the other 150 pounds. The buck killed Thursday by John Schaeffer, a member of the club, is undoubtedly the largest killed in that section for several years, having twelve prongs and weighing 240 pounds.

TOWN BOY HURT

Lawrence J. Warren, son of Abra ham Warren, of Stratton street, was injured Wednesday while working in the Woolworth store at Pittsburg, sustaining a dislocated ankle and a broken leg. Mr. Warren fell from an elevator, the car later descending on him. His father has gone on to see him.

WILLET-HILTEBRIDGE

Leo M. Willet, son of David Willet, of McSherrystown, and Miss Martha L. Miller, daughter of Mrs. Mary Hiltebridge, of Hanover, were married Thursday, Nov. 24, at 7:30 p. m. by Rev. Francis J. Welsh, in the rectory of St. Vincent's Church.

SMALL FIRE

The stable on the property of Mrs. Kerler on Carlisle street caught fire from burning brush Wednesday afternoon. A hole was burned in the roof but no other damage was done.

GREAT fantastical at High School. Don't forget the variety fair at the High School this evening and tomorrow evening. Many interesting attractions have been planned and pleasant evenings are assured to all. Doors open at 7 o'clock. Admission 5 cents.

Hartman sang the verses and all sang the choruses. It was one of the prettiest stage effects ever seen here. Mr. Caldwell, of Walter's Theatre, deserves credit for his part in making the mechanical effects of this number possible.

The entire performance was most delightful, a credit to all who took part or had anything whatever to do with it. Miss Manges will be welcomed should she return to town to arrange for another show.

The Y. M. C. A. clears about \$90.00 from the event.

SUCCESSFUL SEASON ENDS

College Foot Ball Team Defeats their Third Rival in Exciting Game. All Championship Games are Captured. Season's Record.

The Gettysburg College foot ball team closed a successful season on Thursday afternoon when they humbled their old rivals, Franklin and Marshall, by the score of 9 to 8 in what was perhaps the most exciting game of the season.

Gettysburg scored first in the second period when Comfort blocked a kick, got the ball and ran for a touchdown, Aldinger kicking the goal. F. and M. scored next when a forward pass went over the goal line, a Gettysburg man getting the ball and netting the blue and white two points.

Franklin and Marshall scored a touchdown when they secured the ball on a blocked kick, made a big gain on a forward pass and secured a five yard penalty, going through a hole in the Gettysburg line for the score. The goal was kicked making the score F. and M. 8-Gettysburg 6. Near the end of the last period Dayhoff turned the tide by blocking the ball over the bar and turning the score to 9 to 8.

Gettysburg's superb defense when its goal was threatened was one of the features of the game and prevented the Lancaster collegians from further score. The games played this season resulted.

Gettysburg 11, Middletown 0
Gettysburg 0, Pennsylvania 29
Gettysburg 2, St. John's 0
Gettysburg 3, Indians 29
Gettysburg 24, Lebanon Valley 0
Gettysburg 0, Lafayette 21
Gettysburg 9, Bucknell 6
Gettysburg 10, Dickinson 3
Gettysburg 9, F. and M. 8
Games won 6, lost 3.

The town foot ball team defeated Littlestown at that place on Thursday afternoon by the score of 12 to 10. Bupp, Kimpel and Oppleman starred for Gettysburg.

YEANEY—PLANK

At two o'clock Thursday afternoon at the home of the bride 272 Beford avenue, Rev. Joseph B. Baker married Miss Rose E. Plank, daughter of Mrs. Hannah Plank and Norman A. Yeaney, of Steelton. The Lohengrin wedding march was played by Mrs. William Shriver, of Chambersburg, sister of the bride, little Miss Marie Shriver being the flower girl. The bride wore a gown of marquisette over white silk and carried bride's roses. The ceremony which took place in the presence of the immediate relatives and friends was followed by a luncheon and at four o'clock Mr. and Mrs. Yeaney left for the Reading for Steelton where Mr. Yeaney is a teacher in the public schools. Both bride and groom graduated from College in 1903. Mrs. Yeaney was preceptress in Stevens Hall for a year following her graduation and then taught in the Gettysburg High School until last June. She received a large number of beautiful presents of silver, cut glass and linen.

ENTERTAINED EMPLOYEES

On Wednesday the Musselman Caning Company entertained 175 employees in their plant at Biglerville. A pleasant time was spent in games and refreshments were served. The employees presented the management with a handsome robe, a horse blanket and a parlor lamp and extended a vote of thanks for the courteous treatment during the season and for the reception. The gathering came to an end after Mr. Musselman made a speech thanking the employees and offered a short prayer of thanks for protection and blessings received during the year.

COMING "SIS" PERKINS

"Sis Perkins" has the prettiest story ever told and the plot of the play is so easily understood. It's not one of those silly things that no one can understand and after it's out you find yourself asking what it was all about. Sis Perkins tells a story of honesty, virtue, love and friendship. There are moments when you want to cry and some do; then again there are funny scenes when you laugh until you ache. It's not a blood and thunder play. It's devoid of horse play and dime novel heroes. It's a good, clean comedy, up to date for ladies, gentlemen and children. One night only at the Walter's Theatre, Tuesday, Nov. 29.

Mexican Officials Say Order
Has Been Restored.

BUSINESS AT A STANDSTILL

Francisco Madeiro, the Revolutionary Leader, is Said to Be Surrounded. Only One Town in Rebels' Hands.

Mexico City, Nov. 25.—Advices received from all parts of the country indicate that quiet is prevailing and that the government is rapidly getting control of the situation in Mexico City, Guadalajara, Monterrey, Torreon and all other large cities.

The agents of the government are buying all the arms and ammunition in sight. In one store in Guadalajara there was found more than 2,000,000 cartridges. The authorities expect within this week to buy up all the available arms in the country.

Arrests of the revolutionists continue, many of them being sent to Mexico City from outside places. The jails are full to overflowing. Frequent rumors are current of outbreaks at various places which could not be confirmed. Little credence is placed in them. The government believes that Madeiro is in Mexico and is making every effort to apprehend him. Troops are daily leaving Mexico City for the north. Trouble is feared there only.

Business in Mexico City and in all parts of the republic is greatly depressed, but it is believed that it will recover promptly. The minister of war says the only trouble at present comes from a few bands of outlaws in the northern parts of the republic, which will be subdued inside of a week.

The newspapers of Mexico City, which have been giving detailed reports of the trouble, are now being censored.

Changes in the governorships of several states will be made by order of President Diaz as a result of the revolutionary rioting. It is said President Diaz holds the governors of some states as partly being responsible for hostile demonstrations.

Confiscates Madeiro's Property. Eagle Pass, Tex., Nov. 25.—The Mexican government has issued an order for the confiscation of the property of Francisco J. Madeiro, the revolutionary leader, according to advices received here. Madeiro owned a large landed estate near Parras, state of Coahuila, and much valuable property in Monterrey.

Guerrero, in the state of Chihuahua, is in the possession of the insurrectionists. All other towns in Chihuahua and Durango are under federal control, and business conditions are normal. The Mexican government claims that every town in the republic save Guerrero is in peace and quiet.

Francisco J. Madeiro, leader of the Mexican uprising, is surrounded and cut off from advance or retreat, if not already in captivity. Alberto Terrazas was inaugurated acting governor of the state of Chihuahua in place of Jose Maria Sanchez. Insurrectionists who were repulsed in the towns in Chihuahua and Durango are all in prison, in flight in the mountains or being pursued by troops or killed.

This summarizes the Mexican situation.

Mrs. Britton had either dressed to go out upon the street or else had just returned to her room. She had on her coat, hat and gloves, being dressed in street attire. Mrs. Britton lay dead in the room, a bullet having entered the abdomen, passing clear through the body and out of the back. Mrs. Ricketts was found on the floor near by, dead, while the room was in great confusion, showing that a desperate struggle had taken place.

Reyes Still in Paris.

Paris, Nov. 25.—General Bernardo Reyes, the Mexican soldier, who came to France on a special military mission, is still in this city, and it is said he has no intention of returning to Mexico at this time. Reports that Reyes was going home to head the revolution had been circulated.

BEQUEST TO DICKINSON

It is Provided in the Will of the Late Samuel W. Bowe.

Carlisle, Pa., Nov. 25.—Dr. Reed, president of Dickinson college, said that by the will of the late Samuel W. Bowe, of New York city, Dickinson college will receive an income equivalent to a money gift of \$50,000. Dickinson will ultimately receive from the Bowe estate a larger sum than that directly provided.

Taft Won't See Army-Navy Game.

Philadelphia, Nov. 25.—President Taft will not see the annual contest in this city between the Army and Navy football teams. The completion of his annual message and other important matters will keep him busy at the White House. Secretary of the Navy Meyer and also Beckman Winthrop, assistant secretary of the navy, will see the contest. Mrs. Taft and Miss Helen Taft probably will be members of Secretary Dickinson's party.

Aged Man Drowns Himself.

Dingman's Ferry, Pa., Nov. 25.—Joseph Canne, seventy years old, a resident of Delaware township, committed suicide on account of poor health, by drowning. He was a native of France, and was formerly a manufacturer of watchcases.

Dies Eating Dinner.

Rockford, Ill., Nov. 25.—George Kaut, a hardware merchant of Burlington, Ia., fell dead while eating a Thanksgiving day dinner.

Land of Old Age Prodigies.

One is reminded that Ireland is pre-eminently the land of centenarians by the announcement that Mrs. Craley of Clonbrin, Monasterevan, is drawing her old age pension at the remarkable age of 124 years. So rich is Ireland in these old age prodigies that when the last census was taken it included no fewer than 497 persons who had passed their hundredth birthday, while during 1904 as many as 182 Irish men and women aged a hundred years and upward died.—Dundee Advertiser.

Don't expect leaves to last on a scratching floor. One good scratch and they are no more.

Don't pen turtles, ducks and chickens together. Don't you remember about birds of a feather?

DREXEL LOST IN THE AIR

Birdman Lands at Trenton, N. J., instead of Philadelphia.

Philadelphia, Nov. 25.—With all Philadelphia stretching its collective neck to see him fly gracefully down the Schuylkill river from Oreland to Point Breeze, J. Armstrong Drexel arose in the air at the former place, got twisted and landed in Trenton.

The homeward flight from the point of landing after his record breaking altitude flight of Wednesday, when he went up 9970 feet, was to have been the big feature of the closing day of the aviation meet at Point Breeze.

Drexel circled the field at an altitude of about 500 feet, then began soaring and struck off in the right direction. Up in the air, however, he lost his bearings, and in making a turn went further around than he expected. He had been told to turn to his left when he saw the river and that it would lead him to Point Breeze. He saw a river and turned to his left, as directed, but it was the Delaware that appeared under him, and his left turn carried him further away from his destination with every turn of the propeller.

When he saw a city he thought he was all right, but he missed the familiar city half tower and, realizing that he was lost, planned to earth. The city was Trenton. It was too late for him to resume his trip when he learned his mistake, so he hunted up quarters for the monoplane, telephoned to Grahame-White and took a train back to Philadelphia.

COTTON FRAUD NETS \$1,000,000

Alabama Firm Used Bogus Bills of Lading.

Washington, Nov. 25.—Commenting on the arrest by post office inspectors of John W. Knight, senior member of the cotton brokerage firm of Knight, Yancey & Co., of Decatur, Ala., Postmaster General Hitchcock said that the operations of the concern through alleged fraudulent use of the mails, would probably exceed \$1,000,000.

The alleged fraud was committed, he said, by the use of bogus bills of lading covering fictitious shipments. Mr. Hitchcock asserts that by making false reports of shipments to insurance companies, certificates of insurance were procured covering both railway and marine risks.

These genuine insurance certificates were accepted as indicating the honesty of the shipments and the bills of lading thus accompanied were negotiated by note brokers, who procured payment from the foreign importers in advance of delivery. The cotton purchased, Mr. Hitchcock said, never arrived.

Mr. Hitchcock declared the transactions of Knight, Yancey & Co. were similar to those of another concern of Corinth, Miss., whose members were recently indicted on evidence procured by post office inspectors.

The postmaster general further alleged that the two concerns had an arrangement by which they exchanged drafts, each holding power of attorney for the other to accept such drafts, and that together they committed frauds aggregating between \$2,000,000 and \$3,000,000.

This summarizes the Mexican situation.

Reyes Still in Paris.

Paris, Nov. 25.—General Bernardo Reyes, the Mexican soldier, who came to France on a special military mission, is still in this city, and it is said he has no intention of returning to Mexico at this time. Reports that Reyes was going home to head the revolution had been circulated.

BOY TRAPPER KILLED

His Gun Discharged While Lad Rowed Across Lake.

Bridgeton, N. J., Nov. 25.—Emory Fox, fourteen years old, accidentally shot himself in the stomach and died soon afterward.

Fox had gone out to attend the muskrat traps and cocked his gun and laid it down in a boat while he was crossing the lake, when it suddenly was discharged.

The boy was a son of David D. Fox, who is one of the few survivors of the Larchmont wreck in Long Island sound.

BOY KILLED AT FOOTBALL

Skull Fractured in Game, He Dies Before Doctor Can Reach Him.

Winsted, Conn., Nov. 25.—Harry Lee, aged seventeen years, was killed here in a game of football between the Tierney Cadets and an independent team, composed principally of Gilbert Preparatory school students.

Young Lee's skull was fractured and he died a few minutes after the accident and before medical aid could reach him.

Football Players Had a Nice Time.

St. Joseph, Mo., Nov. 25.—The left arm of Scatterfield, of William Jewell, was broken, and Roy Martin, the captain, was knocked unconscious in the game here with Ottawa. The shoulder of one man was dislocated and the kneecap of another, and several other players suffered minor injuries.

Largest Submarine Plant.

Newport, R. I., Nov. 25.—Naval officers on duty in Narragansett bay waters learned that the largest submarine torpedo boat plant in the world is being built at New London and will be completed early next year. Submarines and their parts will be manufactured at the new plant instead of at Quincy, Mass. Fuel oil engines and other war munitions will also be made.

WEAK AND DISEASED HEARTS TREATED FREE

By the Great Specialist in Treating Weak and Diseased Hearts,
FRANKLIN MILES, M.D., LL. B.
Who Will Send \$2.50 Worth of Special Treatment and New Book Free.

To prove the remarkable curative powers of his new Special Personal Treatment for heart disease, short breath, pain in side, shoulder or arm, oppression, irregular pulse, palpitation, smothering, puffing of ankles, or dropsy, Dr. Miles will send, free, to every afflicted person a \$2.50 treatment. The worst cases usually soon relieved.

These treatments are the result of 25 years' extensive research and remarkable success in treating various ailments of the heart, stomach and nerves, which often complicate each case. So astonishing are the results of his treatment that he offers all sick persons a two-pound Trial Treatment free. Our Book contains many remarkable cures. A few are given below.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. All afflicted persons should avail themselves of this liberal offer, as they may never have such an opportunity again. Diseases are dangerous. No death comes more suddenly than that from heart disease.

Mr. W. J. Critts, Ludington, Mich., cured after 4 physicians failed. Mr. George L. Maxwell, of Mt. Washington, Iowa, cured after Mrs. Emma Scheier, Maize, Kans., each cured after 2 physicians failed. Mrs. Joseph Wisler, Peru, Ind., cured after local doctor failed. Mrs. J. P. Baldwin, Mulberry Grove, Ill., cured after 2 physicians failed. Dr. J. C. Crossley, of New York, cured after 29 physicians had pronounced them incurable.

Good Undermuslins at Fair Prices

Good Undermuslins! The adjective is a broad one too often abused. Good undermuslins must be made of the right grade of muslins and cambrics. There must be no skimping. On the contrary ampleness of cut should rule. They must fit well and comfortably. The workmanship must be of a class that will withstand wash and wear. The trimmings must be of good quality and up-to-date patterns.

Quite a few qualifications you will note to be covered by so modest a word as "good." Now you will understand why we say "fair prices."

We can't give you undermuslins of the class as specified above at the price of ill-made shoddy-kind. We refuse to handle the thrown together muslins you have met at any price. But of this you may be sure. Our prices are low, very low for the quality of the goods we offer.

For good Undermuslins at fair prices call upon us.

The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

TIMELY HINTS FOR FARMERS

Blanketing the Horse.

The usefulness of a horse can be prolonged and his efficiency increased by proper blanketing and grooming. On arriving at the stable very warm and sweating the horse should not be blanketed until he has ceased to steam, nor should he be left in a draft. If blanketed at once little opportunity is given for him to dry off, the blanket will become damp and the hair remain so all night. In case the blanket is not used until the animal has ceased to steam and is somewhat cooled, which he will be in a quarter of an hour, the hair will be dry and smooth the following morning.

The use of the outdoor blanket is as important as the use of the stable blanket. If the horse is allowed to stand outdoors, either for a short or for a long time, he should be well blanketed. If he is going to stop but a short time the temptation not to blanket the animal is strong. The horse cools off rapidly and may chill, so that it is best to blanket if only for a moment.

The Poultry House.

A chief reason for providing a house for the hens is to give them shelter from the severe cold, but there is danger of overdoing this. A henhouse is comfortable enough, even for laying hens, if its interior is kept from going much below the freezing point. A dry, well ventilated house may be quite cold and yet be comfortable for active fowls. Plenty of litter to scratch in during the day and burlap curtains at night will see them safely through even severe weather without loss of health or stoppage of egg production if the feeding and other conditions are correct. —Western Poultry Journal.

Rape Relished by Flock.

Rape is one of the most valuable of foods for sheep. It is keenly relished and produces rapid gains both in growing and fattening stock. It is an easy crop to grow and yields abundantly when properly handled.

MISS SMITH GETS \$5495 VERDICT

Borough of Littlestown Loses Suit
and Plaintiff Gets Big Damages.
Jury Out for Nine Hours before
Agreement is Reached.

After deliberating nine hours the jury in the case of Miss Josephine Smith vs. the Borough of Littlestown reached a verdict of \$5495 for the plaintiff at half past two this morning. Miss Smith had sued for \$10,000.

The case, which excited a great deal of interest, arose out of an accident which befell Miss Smith in June 1909 when she was walking along a pavement in Littlestown and fell down a hole at the side. She sustained ugly injuries and testimony at the trial indicated that it was possible that she would be a sufferer from the injuries throughout her life.

The jury retired at half past five o'clock and at nine o'clock adjourned to get supper at the Wabash. They then returned to their deliberations and at 2:30 came to an agreement. The finding was sealed and opened at Court this morning.

The conclusion of this case brought to an end November term of Court. With one jury, that in the case against the Hanover and McSherrystown Water Company out for fourteen hours and the jury in the Littlestown case out for nine hours the Court came close to establishing a record for jury marathon work.

He is survived by his parents and one brother, Norman, at home.

The body will be brought home but the funeral arrangements have not yet been announced.

TOWN BOY DIES FROM INJURIES

Lawrence Warren of Stratton Street Dies in Pittsburgh from Injuries Sustained when Elevator Fell on him.

From injuries sustained when an elevator fell upon him in the Woolworth five and ten cent store in Pittsburgh on Wednesday Lawrence J. Warren, son of Mr. and Mrs. Abraham Warren, of Stratton street, died in a Pittsburgh hospital on Friday night.

Mr. Warren went to Pittsburgh several years ago and at the time of his injury was employed in the basement of the Woolworth store. He was riding on an elevator when in some way he fell from it down the shaft, the car later descending upon him. In addition to severe internal injuries a leg was fractured, an ankle dislocated and other wounds and bruises were received.

The father was telephoned for by the authorities of the hospital to which the boy was taken and he left as soon as possible after receiving news of the accident. The boy died about fifty two hours after the accident took place.

He is survived by his parents and one brother, Norman, at home.

The body will be brought home but the funeral arrangements have not yet been announced.

OIL SPOILS TURKEYS

The Pure Oil Company's pipe line burst, Wednesday, near Marie Furnace, and a large quantity of oil was lost and ran over the adjoining land.

It will be remembered that a break in the pipe line occurred at Glen Furnace several weeks ago. Very much inconvenience has been caused the people in that section. The oil flowed into the stream from which a number of families secured their drinking water and to which their live stock and poultry went when thirsty.

When the stream was polluted the cattle were kept away from it but no attention was paid to the poultry and some of the latter have died from the effects of the bad water and more than one Thanksgiving turkey was too "droopy" to be killed.

The promise was made that a pipe line would be laid from a point in the stream above the break in the oil line, to carry water to the people who formerly relied upon the stream, but it has not yet been fulfilled.

MRS. ESTHER BARRY

On Tuesday evening there died in Emmitsburg probably the oldest citizen of Maryland. Mrs. Esther Barry, aged 99 years, 1 month and 20 days. For several years Mrs. Barry has resided at the home of Mrs. J. M. Adelsberger, and it was there that she died.

Mrs. Barry was born in County Kildare, Ireland, on July 2nd 1811 and was therefore, in the 100th year of her age. When she was a few months old her parents emigrated to America and finally settled at Lewisburg in Frederick County where her father operated one of the first woolen mills in this section of the country.

Adams County's teachers will flock to Gettysburg Monday for the annual institute. With four instructors of note, Dr. Frank B. Willis, of Ada, Ohio; President Granville, of Gettysburg; Dr. Charles C. Ellis, of Huntingdon and Dr. Charles H. Gordnier, of Shippensburg, the week should be an educational success. The evening entertainments are specially strong—Two Old Confederates, Monday; Rev. C. Piatt, Tuesday; the New Zealanders, Wednesday; the International Sextette, Thursday.

JUDGMENT FOR THE MERCHANTS

Squire Harnish Decides for Retail
Merchants' Association in Suits
against Ben F. Kindig and Charles
Strasbaugh.

Squire Harnish this morning gave verdicts in favor of the plaintiff in the suits brought by the Retail Merchants' Association of Gettysburg against Ben F. Kindig, proprietor of the Hotel Wabash, for \$5, and against Charles Strasbaugh of the Washington House, for \$25.00. The cases were heard on Friday.

The suits were brought to recover subscriptions to the National Guard encampment fund alleged to have been made by the various hotel proprietors in town.

Frank Eberhart paid his subscription promptly but all of the remainder refused payment and as they had signed no notes legal steps were taken to recover their money.

The first suit was against D. B. Carroll and in this, too, Squire Harnish gave judgment in favor of the plaintiff for \$100. The case against Mrs. Brauner, of the Battleford Hotel for \$50 was heard by Mr. Harnish on Friday but he reserved his decision until Wednesday. Mrs. Brauner claimed that her promise was made conditional on no beer being hauled out to encampment. Mr. Edward Tritt corroborated her statement regarding this. R. C. Miller who received the subscription testified that no such agreement was made and that Mr. Tritt was not present when he interviewed Mrs. Brauner.

On Monday two more cases will be heard, one against P. M. Bruner of the City Hotel for \$75.00 and the other against John Fagan of the Globe Hotel for \$50.00.

The various suits will have to be settled before the association can finally close its accounts for the August encampment.

INDICT CONDUCTOR FOR MANSLAUGHTER

The Washington county grand jury Wednesday returned an indictment against Louis S. Hopwood, of Hagerstown, for manslaughter.

Hopwood was the conductor on the ill-fated eastbound freight train that collided with a west bound freight train August 22 last at Raven Rock bridge, near Edgemont, resulting in the killing of Harry K. Gigeous and David E. Fouke, trainmen and Chester Messner and Clayton Koontz and injuring six others.

Hopwood is mentioned in the indictment as neglecting train orders given him at Chewsburg.

He was apprehended after the indictment and taken before the court. He gave \$1,000 bail, Dr. W. B. Morrison and Dominick Ramacciotti going his surety.

Carrier Tate wishes to thank Mr. and Mrs. Thomas Baumgardner of route 13, for a fine lot of butchering.

Daniel Hartzell and wife, of Nachusa, Illinois, Levi Deardorff and family and John W. Fidler and wife were the guests of O. J. Ditzler and family on route 12 on Wednesday.

Miss Violet Fanus, of route 6, has given home after spending two weeks with relatives in Baltimore, Fallston and Hanover.

Bruce Fanus, of Hanover, is spending a week with his uncle, Leander Fanus, of route 6.

MAY CHANGE DAY

There have appeared several suggestions recently that Thanksgiving be changed to Monday instead of Thursday.

Thursday breaks into the center of the week, and accords to home comers but one day, while Monday would grant to them two days with their friends at home. As Thanksgiving has grown to be a great home coming day a change to Monday would better suit all classes, and it is probable an effort will be made to select Monday instead of Thursday.

PRASE FOR MR. TOPPER

Says the Emmitsburg Chronicle: "Mount St. Mary's has a right to feel proud of its football record for 1910. This year's eleven was full of snap and ginger and the team work excellent. No little share of the credit for the season's victories is due to Coach Topper who in a remarkably short time developed a squad that was hard to beat."

THE WOLF

"The Wolf," which will be the offering at the Walter Theatre next Wednesday, Nov. 30 tells a story that is said to be intensely interesting to men and women both young and old, particularly to women. It shows that men must not be blindly trusted, that a girl must use her head as well as her heart, and that all the pretty things in the world cannot take the place of the greatest of all things—love. It is the greatest play Eugene Walter, author of "Paid in Full," ever wrote.

RIPPLE GIVEN FULL FREEDOM

John Ripple Earns his Liberty when Hearing in Waynesboro on Charge of Larceny Falls Flat. Is now Entirely Free.

John Ripple, who was placed on parole in Adams County Court this week, was given a hearing Wednesday evening by Justice of the Peace J. A. Potter, in Waynesboro, on the charge of having stolen two chicken coops and a crate of 30 dozen eggs from the Hoover mill, west of that town. On account of insufficient evidence the defendant was dismissed.

L. R. Snyder was the only witness called. He testified that the charge was based on a sworn statement by Unger Snyder, made before Justice of the Peace Potter. Snyder said that while in jail Toms and Ripple told him the theft at Hoover's mill had been committed by them; that they sold the eggs at Charmain and shipped the chicken coops to Gettysburg. He said that they disposed of the coops with the wagon and horse which they formerly used on nocturnal visits for fowls, to a store in Gettysburg and that later the coops were sold to George Harris and Levi Rife who reside about three miles from Gettysburg.

Snyder even loaned Constable Bretzler and Mr. Hoover his wagon to find the coops. He said it was "a matter of life and death" to him. When Justice Potter dismissed Ripple he said that he was glad that he could not be found guilty. He followed this statement by words of advice and encouragement to the young man.

MUTINEERS FORCE BRAZIL TO TERMS

Rebellious Sailors Win Demands and Amnesty.

IS ROUGH ON DISCIPLINE

Threat to Bombard Rio de Janeiro
Brought Quick Action From Congress—James Bryce Is There.

Rio Janeiro, Brazil, Nov. 26.—The government of Brazil has yielded to its

mutinous navy.

Congress, meeting in extraordinary session, voted to concede every demand of the ultimatum presented, including general amnesty for the sailors, who, after murdering as many as their superior officers as suffice to give them control of the vessels, trained the guns of the warships upon the capital.

What effect the outcome will have eventually on the discipline in the navy is a matter of some concern. The immediate effect is to give the sailors increased pay, shorter hours of service and less work through the recruiting of additions to the crews and to abolish corporal punishment.

Following the action of congress the mutineers went through the formality of surrendering and the city resumed its normal activities and the public excitement has subsided.

While the revolt lasted the people of the city were kept in a state of suspense, fearing that the mutineers would make good their threat to blow up the capital. It is not likely, however, that they would have taken this step in any event because of the likelihood of complications with Great Britain.

During the progress of the revolt James Bryce, British ambassador to the United States, was the guest of Baron Rio Branco, the Brazilian foreign minister, and he would have been as likely as any one to suffer from a bombardment.

On the other hand the mutinous battleship Sao Paulo had on board several British subjects. At the outbreak of the trouble Sir William H. D. Haggard, British minister to Brazil, notified the Brazilian foreign office that any attempt of the loyal torpedo boats to destroy the revolting warships would be attended with danger to the British subjects on board. It is also known that the government hesitated to damage the bulwarks of its navy.

There is no attempt to give a political color to the revolt, but the mutinous ships constituted a controlling proportion of the fleet. Brazil has but two dreadnaughts, the Minas Geraes and the Soa Paulo, and these being joined by the coast defense ships Marshal Floriano and Marshal Deodoro and the scout ship Bahia, the sailors were in practical control of the fleet.

The trouble among the sailors had been brewing for some time, and when the Minas Geraes ran up the red flag on Tuesday night the other vessels soon followed her example. Captain Neves, of the Minas Geraes, and two officers were killed, as were several of the seamen who attacked them, as the officers preferred death to the surrender of the ship and fought gamely.

The officers of the other mutinous warships yielded and were put ashore. Throughout Wednesday and Thursday the city was at the mercy of the crews, who dropped an occasional shell into the city.

James Sears, an accomplice, who did not assist in the tar and feathering, was fined \$300, and in default was committed to jail.

Sentence Murderer to Hang. Pottsville, Pa., Nov. 26.—Frank Mitchell, who confessed to the murder of Mrs. Daniel Richards on Nov. 16, was declared guilty by the three common plas judges who sat as a trial court and was sentenced to be hanged. The execution will probably take place in January.

GOOD NEWS

Many Gettysburg Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Gettysburg are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. H. H. Ridinger, 25 Breckinridge St., Gettysburg, Pa., says: "I can endorse Doan's Kidney Pills just as highly today as I did two years ago when I publicly told of their merits. A member of my family was afflicted with backache and at night often had to get up and sit in a chair. The kidneys were weak and there were severe pains throughout the body. Doan's Kidney Pills were finally procured at the People's Drug Store and they brought relief from the first. As their use was continued, a great improvement was noticeable. I was led to try Doan's Kidney Pills by this person's experience and I am glad to say that I received relief from disagreeable symptoms of kidney trouble that had clung to me for some time I cannot give Doan's Kidney Pills more praise than they deserve."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Kingman, Ariz., Nov. 26.—Investigation into the recent murder of Dr. L. W. Gilbert, a California physician, who is supposed to be heir to a \$1,500,000 estate, in the isolated region of Goldbug Mill, revealed that the physician was killed by a Pinto Indian by the name of Quaho.

A reward has been offered for Quaho's capture and trailers are now after him. Plutes joining in the hunt. Quaho is the first one of his tribe to take the warpath since the memorable killing expedition of Avot, who murdered five white men before shot down by members of his own tribe.

SAGE AND SULPHUR

Made Her Look Twenty Years Younger

Read Mrs. Herrick's Sworn Statement

STATE OF NEW YORK } ss. ROCHESTER, N. Y.
COUNTY of Monroe }
Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of many boys. As I grew older, my hair began to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Sage and Sulphur, to have some of it put on my hair. Sage was quite thin and gray when I began using Sage and Sulphur, and my hair can you imagine, lay satisfaction when I found that it was fast coming back to its natural color. I have had it now for many years, and it is as glossy as it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. I have now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

TELLS HOW HE SLEW AGED PAIR

Sears Believed He Would In-
herit Pastor's Estate.

QUARREL WITH VICTIM

Murderer Had Been Reprimanded by
Rev. Armstrong—Went Out Gunning
to Establish Alibi.

Trenton, N. J., Nov. 26.—Pride over
the idea, strengthened in his mind by
frequent repetition, into a belief that
he was a near relative of his victims
and would inherit the estate, caused
half-breed Jack Sears, it is thought
by relatives of the dead couple, to com-
mit the murder of the aged Rev. Amzi
L. Armstrong and his wife, to which
Sears has confessed.

Sears thought that he would then
inherit some of the wealth of the Ar-
mstrongs. Sears' confession, preceding a
dramatic reproduction of the double
murder in the quiet and lonely parsonage
at Dutch Neck was followed by the
arrest of his mother, Mrs. Rachel
Sears, a negress.

The old "mammy," is said, if not to
have actually witnessed the murders,
at least to have been told by her son
that he had killed his lifelong benefac-
tors. Mrs. Sears is now undergoing a
third degree examination in the office
of County Prosecutor Crossley.

Sears is thirty-three years old, and
for all but three weeks of his life he
has lived with the Armstrongs. He
was ashamed of his mother, but proud
of his white stock. His constant de-
clarations that he was related to the
Armstrong family angered the mem-
bers of that family, according to the
aunt of Mrs. Armstrong. She said that
her son, a lawyer, had repeatedly ex-
pressed his indignation that Sears
should so openly profess his lineage.

Reprimand Caused Murder.

The immediate provocation for the
crime is thought by connections of the
murdered man and woman to have been
a reprimand administered by
Rev. Armstrong to Sears, his farm
hand, for having sold some of the
products of the farm and keeping the
proceeds for his own use.

In his confession, vouchsafed by the
police, Sears told how he shot down Dr. Armstrong when the latter had
come hurrying into the parlor, alarmed
by the frightful screams of Mrs. Armstrong.
Then, using the same shotgun, he fired at Mr. Armstrong, who dropped
to the floor, dying in a few moments.

It is thought that in the confession
that Sears is reported to have made
he told what he did with the watch
that was torn from around Mr. Armstrong's neck. It is also understood
that detectives went to the Armstrong
home and found the time piece in the
woodshed where Sears is asserted to
have said he put it.

A jury, empaneled by Coroner Daniel
V. Bower, of Mercer county, viewed the
bodies of the victims. The jury also made a thorough inspection of
the house in which the aged couple
were killed. The coroner fixed Dec. 9
as the day for taking testimony.

John Sears, son of the housekeeper
employed by the Armstrongs, and who
lived with his mother at the Armstrong
homestead, is of a surly temperament
and does not have much to say.

The bodies of Rev. Armstrong and
his wife were not taken to any morgue
out of deference to the wishes of relatives
and neighbors, and the autopsy by
Coroner's Physician Scammon was
held at the Armstrong home. The autopsy
disclosed the fact that the aged couple
had been killed by shot from a
shotgun. After the murder a shotgun,
which Sears had borrowed from a
neighbor, saying that he was going
to gunning, was found in the kitchen of
the Armstrong house.

Sears, who is a half-breed negro, was
not much given to associating with
colored people. He is or was a member
of the New Jersey National Guard,
belonging to a company at New Brunswick,
and it was in this way that he
formed the acquaintance with Rudolph
Norhaus, the young white man who
came to Dutch Neck to go gunning
with Sears. The prosecutor is satisfied
that Norhaus has no knowledge of the
double crime.

Mother Probably Innocent.

Sears' mother, the housekeeper of
the Armstrongs, is still at Dutch Neck
under watch, and it is understood that
Prosecutor Crossley will question her
further to learn if she knows anything
about the murder.

Around Dutch Neck, where the woman
is well known, there is a feeling
that she is innocent of any connection
with the shooting. She says she has no
knowledge of the murder. It is believed
she told the story of seeing her son
come in at 1 o'clock only in order to
shut late.

Of late years Sears has been of a
miserable turn of mind. He is said to
have taken a dislike to his mother,
and at one time the Armstrongs were
forced to send him away from the
homestead because of this. Later he
was permitted to return.

FALLING HAIR

Easy to Stop it and Make it Lustrous
and Beautiful

If your hair is falling out; if you have
dull unattractive hair, or if you need a
daily hair dressing, read what Mrs.
Hettie Hodgman of Nelsonville, Eric
County, Ohio, writes June 3, 1910 about
Parisian Sage:

"I used Parisian Sage for falling hair
and find it the finest thing I ever heard
of. My hair was falling out by combs
full, and I could run my fingers through
it and they would hang full of loose hair.
I washed my hair and got a bottle of
Parisian Sage and used two applications,
and I could see a great difference. My
hair was lustrous and nice and had almost
stopped falling out, and by the use of one
more bottle it stopped altogether."

For women, for men or for children
Parisian Sage is without any doubt the
finest preparation for the hair. It is
guaranteed by People's Drug Store to
stop hair from falling; to eradicate dandruff
and stop itching scalp in two weeks,
or money back. It is a most daintily
perfumed and refreshing hair dressing,
free from grease or stickiness, and ought
to be in every home where every member
of the family could use it daily. Large
bottle 50 cents at People's Drug Store and
druggists everywhere. The girl with the
Auburn hair is on every package.

The girl told of being lured from local factory by promises of rich clothes. This the defendants denied.

NOT TO FIGHT TARIFF BOARD

Democrats Won't Object If It Can Show Facts.

CHAMP CLARK'S ATTITUDE

Leaders Demand a Reduction In Tariff on Wool, Textiles, Sugar and Other Schedules.

Washington, Nov. 26.—If the tariff board can show by its report that it has gained knowledge and facts concerning the tariff and its workings beyond the information in the possession of congress, there will be no objection by the Democrats to an appropriation continuing the board.

It is probable also that its field of operation may be extended. This statement comes from one of the most powerful Democratic leaders.

But there is to be no tariff commission, with plenary powers over the tariff rates, with the consent of the Democrats. Champ Clark holds that such a commission is not authorized because of constitutional prohibition. All tariff legislation, he contends, must originate in the house. Even the senate is debarred from framing a tariff bill or proposing tariff legislation.

Democrats Are Waiting.

The position of the Democratic leaders, it can be said on excellent authority, is not one of hostility to the tariff board which President Taft obtained. They are waiting to see what information this board has gathered that was not brought out at the tariff hearings when the Payne-Aldrich tariff bill was being framed.

If there is shown new information of value, President Taft will have no difficulty in getting money to continue the board, but the board will be given definite status as an advisory to the treasury department, the president and the house committee on ways and means, which committee must frame the tariff bill.

All Democratic leaders demand a change in the existing tariff law. They are insisting on reductions in the wool, textile, sugar and other schedules.

It is possible that the Democrats, although in the minority in the present congress, may present bills for reductions in these schedules and appeal to the progressive Republicans to aid them in making changes in the existing law. Determination and final decision on this program rests with the leaders in the present house, many of whom have not returned to Washington.

Personally Champ Clark is skeptical as to the ability of any man to get together an unbiased board or commission to study the tariff question. He says he once offered a friend \$500 to get him an intelligent man who had not some theory as to the tariff.

27,809,835 CITY DWELLERS

Census Bureau Figures Show How Population Is Divided.

Washington, Nov. 26.—With only Portland, Ore., Seattle and Spokane, Wash., and Duluth, Minn., and Superior, Wash., missing, the cities of the United States of 25,000 and over have an aggregate population of 27,809,835.

This announcement is made in a recapitulation bulletin issued by the census bureau.

Forty-seven of the cities contain more than 100,000 and of this number eleven have risen into the 100,000 class since the census of 1900. There has been a much larger growth in the cities below 100,000 than in those above, the percentage of the former being 39.4 as against 31.8 for the latter.

Portland and Seattle will be added to the class of larger cities. In 1900 Portland had 90,426 and Seattle 80,671, so that there will be at least 49 cities in the country containing more than 100,000 each.

J. J. HILL TALKS WITH TAFT

Believes Party Lines Will Tend to Disappear in Next Few Years.

Washington, Nov. 26.—James J. Hill the railroad magnate, talked with President Taft at the White House.

Mr. Hill recently has been reported as pessimistic in regard to the business prospects, but would not discuss the subject. He did have something to say, however, on politics.

"The last election has taught the politicians and the country something valuable," he said, "that party lines no longer exist to an important extent and that men are thinking along independent lines, voting and acting along these lines. The demagogue and the agitator have held sway so long it is really a relief to see the flag of warning that has been hoisted for their benefit."

"I do not mean to say either that independence of political thought is confined to business or professional men. It extends to laboring men and all other classes. The laboring man is no longer swept off his feet by bumbo, sweeping assertions and promises. He wants something definite. I am told, too, that the colored voters of the country exercised unusual independence in the last election, thousands of them voting the Democratic ticket for the first time."

"I am of the opinion that the demagogue and agitator will go more slowly hereafter when he attacks everybody and everything in sight and merely appeals to the dissatisfaction of people. He will fear that big independent vote that is cautiously watching him and his movements. It is highly probable that in a few years there will be little in the way of party lines in the United States."

Democrats Are Waiting.

The position of the Democratic leaders, it can be said on excellent authority, is not one of hostility to the tariff board which President Taft obtained. They are waiting to see what information this board has gathered that was not brought out at the tariff hearings when the Payne-Aldrich tariff bill was being framed.

Equality of the Sexes.

Traveling in the country I observe with some indignation that the scarecrow in every field is represented as a man. The flapping of a woman's skirt, the waving of her feathers, would assuredly be as effective for the purpose as is the dangling of a coat. We will eventually dispense man in every field. —London Truth.

TWO SICKLY CHILDREN

Made Well by Vinol—Letters From Grateful Mothers.

New Haven, Conn.—"My little girl ever since her birth was frail and sickly and nothing seemed to do her any good, until we tried your cod liver and iron tonic, Vinol. As soon as she commenced to take it, I noticed an improvement in her health and appearance. She has now taken three bottles of Vinol and from the good it has done her I can say it will do all you claim for it in building up and strengthening frail and delicate children." (Name furnished on request.)

Another mother of Chicago, Ill., writes: "My little girl was thin, rundown, pale and without any appetite. Vinol gave her a good appetite, —she has rosy cheeks and has gained rapidly in flesh and strength.

"I cannot say too much in praise of Vinol for delicate, ailing children."

We ask every mother of a frail, sickly or ailing child in this vicinity to try Vinol on our agreement to return their money if it does not do all we claim. People's Drug Store, C. Wm. Beales, proprietor, Gettysburg, Pa.
